1 EXAMINE THE SHIPMENT

Please ensure all equipment is present.

Report any missing or damaged equipment to your PAR Salesperson or PAR Channel Partner.

2 INVENTORY COMPONENTS

Ensure you have the items listed below in your order.

PAR Wave Terminal

Power Cord

Adapter

VESA Adapter Plate
(optional - may not be included with every order)

REMOVING TERMINAL FROM BOX

Remove the terminal from the box by grasping the sides of the end caps and lifting up.

ACCESSING THE I/O WELL & CONNECTING CABLES

1 Remove the stand cover by holding the terminal with one hand and pulling the bottom of the stand cover by the cover hooks.

2 Remove the I/O cover by pressing the two tabs and pulling the cover straight up away from the terminal.

3 Connect your cables in the designated I/O ports and then route through the terminal stand.

4 Remove the sticker from the I/O cover, then replace the cover on the terminal. Replace the stand cover by first connecting the top tabs then pressing on the bottom.

The pedastal "unfolds", snaps into position, and is held by two screws.

FCC Note:

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Canada Note: CAN ICES-3 A/NMB-3 A

This device complies with part 15 of the FCC Rules and with Industry Canada license-exempt standard RSS-210 as of the date printed. Operation is subject to the following two conditions: (1) this device may cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme avec la norme RSS-210 d'Industrie Canada exempte de licence à compter de la date imprimée. Son fonctionnement est soumis aux deux conditions suivantes : (1) cet appareil peut causer des interférences, et (2) cet appareil doit accepter toute interférence, y compris celles pouvant provoquer un fonctionnement indésirable de l'appareil.
